

Veteran

Military Powerhouse

"I know how to train lots of high-quality Troops and will use them to make sure I always have Coins."

Setup

1. Take the Troops and put them near you in plain sight of all players.
2. Choose a color then take the Player Screen, Leaders (dice), Alliance Tokens, and one Card Marker of your color. Place everything behind your Player Screen.
3. Place one of your Alliance Tokens on the start of the Honor Track.
4. Keep one of your Alliance Tokens for each player (including yourself) and put the rest back in the box.
 - a. You should start with 6 Alliance Tokens in a 6-player game.

Checkpoint

1. Find one copy of the following Investments and put them face-up in front of your Player Screen:
 - a. ELITE TROOPS
 - b. LOYAL CITIZENRY
 - c. GENIUS COMMANDERS
 - d. INNOVATION HUB
2. Place a non-player die, with value 2, on each of your Investments, denoting their level.
3. Move four of your Leaders out in front of your Player Screen, each with level 2. The rest of your Leaders cannot be used yet.
4. Find one copy of the following Law, place one of your Card Markers on the top of the card, and place it face-up at the front of the Law Queue.
 - a. POLICE FORCE

Checkpoint

1. Give 1 Troop per player to each player (Each player in a 5-player game should receive 5 Troops).

"These are your starting Troops. Keep them in front of your screen since they are public information."

2. Take the King's Favor.

"This allows me to arbitrate all ties in the game and will give me one Honor at the end of the game unless someone takes it from me. Normally, the oldest player (most honored) will start with this."

3. When the Chief Scribe prompts you, set the Deliberated Law to 2.

"It's not good to have fewer than 2 Troops, so let's make a rule about it."

Round 1

Action Phase

"I have the King's Favor token, so I will start the round."

1. **Recruit** 3 Troops with 3 Coins using LOYAL CITIZENRY.

"I want to get some extra Troops to work with, so I will take the Recruit action. I have to pay 1 Coin per Troop, and I can buy at most 2 Troops since the Leader I am using is Level 2. I will pay 2 Coins to the Free Bank for 2 Troops. I also have an Investment (Loyal Citizenry) that allows me to purchase extra Troops during Recruit, so I will buy one more, for a total of 3 Troops."

2. **Deploy** 2 Troops for 3 Coins.

"I will also Deploy some Troops, but my Troops are much better than the rest of yours (Elite Troops), so I get 2 extra Coins from the Royal Bank."

3. **Brainstorm** for 2 cards from each deck and 2 extra Investments for GENIUS COMMANDERS.

"I also want some more Cards, but I have a card that gives me 2 extra cards of my choice (Genius Commanders), so I will get 2 from each deck plus 2 more Investment cards."

4. Private **Monetize** 3 Scheme and 3 Law cards for 2 Coins using INNOVATION HUB.

"I also want to Monetize, but the Master of Lies already used the Court Monetize, so I will use my own Monetize action (Innovation Hub). It gives me a better rate than the Court, so I would have used this one anyway."

Report Phase

1. After the battle is over,

“Everyone take your Leaders back. Make sure to not change their values!”

Round 2

Action Phase

1. **Promote** a Leader to Level 3.
2. **Harvest** 4 Commodities.

“I need some Commodities, but I’m not a fan of that Market Rate, so I will just get them for free.”

3. **Deploy** 2 Troops.
4. **Negotiate** with the Chief Scribe when he prompts you.

Report Phase

1. After the battle is over,

“Everyone take your Leaders back. Make sure to not change their values!”

Round 3

Action Phase

- At some point in the next round, subtly **scheme** against the Head Banker with yourself as the Receiver.
 - Choose a scheme card that has a “\$R” from your hand and grab a card marker for the Head Banker and one of your own from your pouch.
 - Put the Head Banker’s card marker on the top of the scheme card (the target of the scheme) and yours on the bottom (the Receiver of the scheme).
 - Put the marked scheme card into the pouch with all the rest of the card markers.
 - Put your Spy into the pouch.
1. **Deploy**
 2. **Recruit**
 - a. After finishing this action, trade your LOYAL CITIZENRY with the Chief Scribe in return for his UNDENIABLE ADVISORS. Return one Alliance Token to the Chief Scribe to make this trade.

“These Alliance Tokens allow Allies to trade non-liquid assets. As the Crime Lord explained, I could trade Coins, Commodities, or Cards without an Alliance Token, but I need ones to trade anything else. I won’t need this Loyal Citizenry Investment anymore, but I would love to Donate using the Chief Scribe’s Undeniable Advisors, so we are going to perform a non-liquid trade and return an Alliance Token to each other.”

3. Private **Monetize**

Report Phase

1. After the battle is over,

“Everyone take your Leaders back. Make sure to not change their values!”
